

MINIMALLY INVASIVE ESOPHAGEAL SURGERY (WITH LIVE SURGERY CASES)

Date: 17TH – 19th March 2014

Place: Clinical Center of Serbia, Clinic For Digestive Surgery

COURSE OVERVIEW & OBJECTIVES

The course is divided into two parts, first the theoretical part, where course leader presents their experiences, best practices sharing, pre & post patient's management and treatment of the patients. The second part is dedicated to OR sessions, with live surgery cases, where the participants are able to observe the cases. Within the course it will be a high level of interaction between participants, course leaders and staff.

Clinical Center of Serbia is the largest health institution in South East Europe with over 60.000 surgical procedures of all types performed annually. Clinic for Digestive Diseases is the reference clinic for digestive organs surgery and the only institution where full range of upper GI minimally invasive surgery is being performed.

AGENDA - DAY 1 (MONDAY 17TH)

- 09:00 – 09:15** **Welcome gathering & modest hospitality; Introduction and course objectives**
Vladan Radisavljević, Prof. dr Miloš Bjelović
- 09:15 – 12:30** **Science of Tissue Management in mechanical sutures and energy devices**
Series of lectures on scientific principles of stapling and the proper use of energy devices in surgery – hands on session with practical examples to demonstrate the key points from lecture
J&J team: Olivera Milinović, Vladan Radisavljević
- 13:00 – 14:00** **Light lunch**
- 14:00 – 14:30** **Laparoscopic treatment of the GERD**
Prof. dr Miloš Bjelović
- 14:30 – 14:50** **Laparoscopic treatment of hiatal hernia; lessons learned from JD Luketich**
Prof. dr Miloš Bjelović
- 14:50 – 15:10** **Indications for surgical treatment of paraesophageal hernia and importance of dissection of the hiatal sac**
Dr Milan Veselinović
Coffee break
- 15:30 – 16:00** **How to deal with the large hiatal defect**
Dr Tamara Babić
- 16:00 – 16:30** **Secondary short esophagus and esophageal lengthening procedures**
Dr Dragan Gunjić
- 16:30 – 17:00** **Laparoscopic treatment of hiatal hernia – personal experience after 200 consecutive cases**
Prof. dr Miloš Bjelović
- Debriefing**
Prof. dr Miloš Bjelović
- 19:30 – 21:00** **Dinner with scientific discussion**

FACULTY

Miloš Bjelović, MD, PhD

is a university professor and general surgeon, one of the pioneers of minimally invasive surgery in Serbia. He is also the most advanced laparoscopic surgeon for esophagus in Serbia, with wealth of experience in this area willing to educate and expand knowledge with other surgeons within CEE region.

MINIMALLY INVASIVE ESOPHAGUS SURGERY (WITH LIVE SURGERY CASES)

AGENDA - DAY 2 (TUESDAY 18TH)

- 08:00 – 08:30** Introduction and case presentation
Dr Tamara Babić
- 08:30 – 09:00** OR and patient preparation, trocar position
Dr Dragan Gunjić
- 09:00 – 13:00** Live surgery – Laparoscopic repair of hiatal hernia and Nissen fundoplication
- 13:00 – 13:30** Debriefing
Prof. dr Miloš Bjelović
- 13:30 – 15:00** Light lunch
- 15:00 – 15:20** Carcinoma of the esophagus, an overview
Prof. dr Miloš Bjelović
- 15:20 – 15:40** Surgery of esophageal cancer
Dr Bratislav Špica
- 15:40 – 16:40** Shifting paradigm in the surgical treatment of esophageal cancer; from open to MIE
Prof. dr Miloš Bjelović
- Coffee break*
- 16:40 – 17:10** Special features of MI approach, case report
Prof. dr Miloš Bjelović
- 17:10 – 17:40** Debriefing
Prof. dr Miloš Bjelović
- 19:30 – 21:00** Dinner with scientific discussion

AGENDA - DAY 3 (WEDNESDAY 19TH)

- 08:00 – 08:30** Introduction and case presentation
Dr Milan Veselinović
- 08:30 – 09:00** OR and patient preparation, trocar position
Dr Bratislav Špica
- 09:00 – 15:00** Live surgery – Hybrid MIE for cancer, laparoscopic approach
- 15:30 – 16:30** Light lunch
- 16:30 – 17:00** Debriefing
Prof. dr Miloš Bjelović
- 17:00 – 17:30** Closing remarks, certificates
